

## WALL ART SIZING GUIDE

You have chosen your art - now how big do I go?

### The Golden Rule: GO UP A SIZE

So many of our customers tell us afterwards - "I wish I had gone bigger." Yes! The cost is more, but the life-time of Art will outway that cost overtime. Avoid the "Should've..."

### Living Room - A1, A0 or Larger

### Dining Rooms - A1, A0 or Larger

### Hall Ways or Long Walls - 3 to 4 x A3, A2

### Entrance or Alcoves - A1, A0 or Larger

### Bedrooms - A2 or Larger

### Above Consoles - A1, A0 or Larger

### Study Nook - A2, A1 or Larger

### The Golden Rule: GO UP A SIZE

So many of our customers tell us afterwards - "I wish I had gone bigger." Yes! The cost is more, but the life-time of Art will outway that cost overtime. Avoid the "Should've..."

### HOW TO MEASURE YOUR WALL

#### 1. Placement

Decide where you want to hang your art

#### 2. Measure

Measure the width of the wall (or couch in this case) and then the height of the wall. For a feature wall, use the full width of the wall. Your Art piece(s) should be 2/3 of the width.

#### 3. Spacing & Mask

Allow for around 30 to 40cm visible wall space around a single Art piece or 5 to 10cm between multiple pieces, like a gallery wall display. Use masking tape to give you an idea of how large the Art piece(s) will be.

#### 4. Still not sure?

Send us an image of your space along with measurements and we will digitally place your chosen Art piece on your wall - we will give you a size suggestion.
